

TURKS ARE WORRIED BECAUSE OF LOSSES

SULTAN'S TROOPS DEFEATED BY THE GREEKS.

Osma Pasha, the Hero of Plevna, Sent From Constantinople To Take Command—The Greek Fleet Has Done Effective Work—The Powers Are Willing.

London, April 24.—Crown Prince Constantine has stirred Athens to a high pitch of enthusiasm over his reports to King George of Greek successes everywhere in Thessaly.

The Hellenic troops, under the personal command of the crown prince, have destroyed the Turkish battery at Ligeria. The Moslems have retired from Nezeros and Rapsani and are appalled by the destruction of all their stores at Katerina and Litchorion.

From Salonica comes the news that on Tuesday, after a fierce battle, the Greeks occupied Karya, a small fortified town near Miloussa Pass.

Osman Pasha has been removed from Constantinople for Ellassona, where he will succeed Edhem Pasha as commander-in-chief of the Turkish armies. The hero of Plevna will try to rally the Moslem troops, who, it is conceded, even at Constantinople, have been out-fought at all points by the Hellenes.

Ahmed Hifzi Pasha also has been recalled from Zamia, and Saas Edin Pasha has left Constantinople to relieve him in command of the Turkish troops at that point.

These new commanders have departed for the front and at the same time seventy-two new battalions of Turkish soldiers—50,400 men—were mustered in from the army reserves and prepared for instant service.

Greece, too, has summoned all her landwehr, or militia, and will send them to Thessaly at once.

Heavy fighting continues all along the border from Arta to Platamona. Everywhere the Greeks appear to have been victorious or else to have held their ground against the Turkish attacks.

Santi Quaranta has been reduced by the Greek squadron, which abandoned the bombardment of Prevesa and went to the former place, opening fire at once on the Turkish blockhouse there.

Later the squadron returned to Corfu, having on board eighty Christian refugees taken from Santi Quaranta, which was destroyed and the Turkish stores there burned. On the way back the vessels shelled St. George and Chimarra, and it is announced that the squadron will cannonade Salada.

The citadel of Prevesa is reported to have withstood the furious bombardment of the Greek ships, but it is said the town is almost wholly destroyed.

The eastern Greek fleet, after bombarding Katrina on the Gulf of Salonica and reducing the town, landed a detachment and captured an immense quantity of stores, including provisions and ammunition destined for the use of Edhem Pasha's armies.

Greek troops have forced the inhabitants to abandon Kafra and Kosnizadeson, two fortified Turkish towns. The people fled in terror when the cannonading began, and were forced to leave all their possessions for the victorious Greeks.

Terrific fighting is reported from Arta, where the Turks suffered repulses constantly while attempting to cross the bridge into the town. The Moslems were met at each onslaught by rifle volleys and were forced back in disorder. Again and again, under cover of heavy cannon fire, they tried to cross the bridge, but could proceed no farther than the center.

Finally, in one assault, the Turkish commander was killed, and his men fell back in confusion and made no more attempts to carry the bridge. Then the Turkish cannon were silenced.

The Powers Are Willing.

Brussels, April 24.—Le Nord announces that all the powers have given their adhesion to the note of the Russian minister for foreign affairs, Count Mouravieff, assuring the Greeks and Turks of the friendly interference of the powers in the present struggle so soon as asked for by either side.

To Restrict Saloon Territory.

Indianapolis, Ind., April 24.—Twenty-one pastors, embracing the various Protestant denominations, have joined in a call for a public mass meeting next Tuesday, over which it is expected that Gen. Harrison will preside, looking to the enforcement of the so-called Moore bill in the residence portion of the city, by which the saloons will be barred. Under this bill saloons can be restricted to the business portion.

Jim Corbett May Retire.

New York, April 24.—If Bob Fitzsimmons makes up his mind to close his doors to Corbett's appeals for another match and concludes to let Joe Goddard have the first whack at him the ex-champion will retire from the ring and quit the fighting business for good. At least this is the way Corbett expressed himself to a reporter of the Sun. Corbett frankly believes that Fitzsimmons will not notice him.

Repeals Civil Service Law.

Washington, April 24.—Representative Dorr of West Virginia has introduced a bill to repeal the civil service law.

THE DUTCHESS OF YORK DEAD

Startling Rumors Sent Over the Wires This Morning.

THE WORK OF THE Y. M. C. A.

Many Interesting Papers Read at the Third Day's Session.

Mobile, Ala., April 24.—The third day's session of the Y. M. C. A. international convention began Friday morning with religious exercises. A gravel made from a tree growing on the site of Washington's birthplace was presented to the convention by Professor Ross of the A. and M. college of Alabama.

The work of state committees was discussed in five minute talks.

The convention in the afternoon heard several papers on educational work.

At the night session nearly 2,000 people listened to an address by College Secretary John R. Mott on his recent tour among the colleges of the world. Mr. Mott spoke over an hour and received marked attention.

Sensations at New Bedford.

New Bedford, Mass., April 24.—Treasurer R. Hadley of the Columbia & Whitman mills, against whom warrants for irregularities were awaiting service, died suddenly Friday and the embarrassment of the Howland, Rotch & Bedford company mills was announced. Treasurer Hadley died from nervous prostration early this morning, while two policemen stood about his bedside in his elegant home in County street. He had been held on \$50,000 bail, accused of having falsified returns of the mills to the state treasurer and the officers were in constant attendance upon him by order of the court.

Confesses and Takes Poison.

Hopkinton, Iowa, April 24.—Postoffice Inspector Mahr checked the accounts of Postmaster Cramer Friday and found him \$1,000 short. Cramer admitted that he used the money and offered no excuse for doing so. During the afternoon he went to his barn and took a large dose of strychnine. His cries attracted attention and physicians were summoned. There is hope of his recovery. Mr. Cramer has always borne an excellent reputation, and the affair has made a great sensation.

Deboe Gets the Nomination.

Frankfort, Ky., April 24.—On the twenty-eighth ballot the Republican caucus nominated Deboe for the United States senate. W. J. Deboe, the nominee, is about 50 years of age, a native of Crittenden county, where he was a practicing country physician for a number of years. His first political prominence was his election to the state senate four years ago. There is every reason to believe he will be elected.

Cyclone Near Anamosa, Iowa.

Anamosa, Iowa, April 24.—A cyclone passed just a little west of this city Thursday night at 9 o'clock. It was preceded by a severe rain and hail storm. Hail as large as walnuts covered the ground, and there is not a skylight left in the city. A strip ten feet wide was mown through the heavy timber, and great trees were twisted off. Houses and barns were demolished. No lives were lost.

Fire at Whitney's Point, N. Y.

Binghamton, N. Y., April 24.—Fire at Whitney's Point, twenty miles north of this city, early Friday, destroyed property of the estimated value of \$250,000. The insurance is estimated at \$80,000. Among the buildings burned are the Beach house and the Quick house, the Baptist church, the office of the Whitney's Point Reporter and a large number of stores and offices.

Colonel Mosby Seriously Hurt.

Richmond, Va., April 24.—While out driving at the University of Virginia Friday afternoon Colonel John S. Mosby, the famous confederate raider, was thrown from his carriage in a runaway and badly injured about the face and head. He will not be able to take part in the Grant monument dedication parade.

Have Invited President Faure.

Paris, April 24.—The United States ambassador, James B. Eustis, has handed to the French minister for foreign affairs, M. Hanotaux, the invitations of the Philadelphia municipality and the Cincinnati Society, requesting President Faure to attend the inauguration of the Washington statue.

WORST YET TO COME THE PEOPLE FEAR

NEW ORLEANS CITIZENS ARE GREATLY ALARMED.

Every Available Man Put To Work on the Levees in Anticipation of a Rise of Two Feet—The Heavy Rains Increase the Danger in Iowa.

New Orleans, La., April 24.—The engineers take a pessimistic view of the situation at the levees south of the Red river, which guard the rich sugar district of Louisiana. The river is nearly at a standstill here, owing to the Biggs crevasse, which is diverting much water from the Mississippi and pouring it into the Tensas basin. As soon as the basin is filled up, which will be in about ten days, and the crevasse waters begin to your back into the Mississippi again through Red river, it will cause a boom below, sending the water up two feet higher than it is now and probably causing one or more crevasses.

This warning against overconfidence has aroused the people. There are 1,800 men at work at New Orleans raising the levee higher, and at nearly all points work is under way.

The overflow from the Biggs crevasse in Madison parish now covers 45,000 acres of cultivated land—nearly the entire parish. It has finally reached its limit, however, being checked on the west by the Bayou Macon hills and on the north by a ridge at Omega.

The relief camp at Vicksburg was opened Friday. It will provide for 2,400 refugees, but it is thought that it ought to be twice as large. There are between 7,000 and 8,000 refugees, mainly negroes, from the overflowed lands of Louisiana and Mississippi now in Vicksburg, or half as many as the original population of the town. They are closely huddled together, and the authorities are afraid of sickness breaking out and are anxious to move them to the open air. The negro refugees have sold nearly all of their stock and poultry to provide themselves with food, and are getting pretty close to the starvation point.

It was reported that a secret expedition had left New Orleans to cut the levee at some point above the city. This was telegraphed along the line, and accused great excitement everywhere. Two men from the city were arrested at Emma and locked up in the parish jail to protect them from a mob, which thought them suspicious. An attempt to cut the levee at Paincourtville was reported and the levee cutters were fired at.

STORMS IN IOWA.

Heavy Rains Still Further Increase Flood Dangers.

Keokuk, Iowa, April 24.—The heavy rains of Thursday night and Friday in this locality have put a new aspect on the flood situation and the Mississippi and Des Moines rivers, which had been falling slowly for a day or two, are now rising. An eight-foot rise is reported from Des Moines, and when that reaches here and is added to the local rise all the Missouri bottom lands between here and Quincy will be overflowed. This territory comprises about 200 square miles. The St. Louis, Keokuk & Northwestern railroad track between here and Quincy is under thirteen inches of water and trains may have to be abandoned. The Mississippi stands at 16.4 feet here and is rising at the rate of about an inch an hour.

Trains Delayed in Iowa.

Davenport, Iowa, April 24.—Heavy rains Thursday night delayed all trains and checked the fall of the Mississippi. An inch of rain fell here, and north and west of here in territory drained by the Mississippi the fall was heavier. The wind disabled the steamer Saturn just below here and broke up a large raft she was towing.

Warning Given at Quincy.

Quincy, Ill., April 24.—The weather bureau sent out warning that the Mississippi flood will reach the danger line by to-night and may go considerably above it. Heavy rains have sent the river booming again, and the flood advanced two inches. The stage now is 16.5 feet, and still rising.

Say Secretary Is Short.

Springfield, Ill., April 24.—Auditor of Public Accounts McCullough has been notified by the directors of the Citizens' Savings, Loan and Building association of Pana that I. N. Weaver, the secretary, is an embezzler to the amount of \$3,000 and perhaps more. The auditor has detailed Inspector Morrow to proceed to Pana to conduct an examination of the association's books. Weaver is said to have been short three times previous to this, when his books were examined, the last time two years ago, but each time he was allowed to hold his position, the shortage being made good.

Soldiers Guard Lacey's House.

Alexandria, Va., April 24.—The Alexandria Light Infantry is camping at the house of Tobe Lacey. Since the lynching of Joseph McCoy, who criminally assaulted Lacey's daughters, there have been fears that the negroes would seek revenge on Lacey. The soldiers were ordered out as a precautionary measure.

LEGISLATORS QUIT THIS AFTERNOON

SESSION OF 1897 IS NOW AT AN END.

Sleeping Car Taxation Measure, and the Labor Bill, Both Go Through—The Former by a Close Shave—The Officers Are Given Handsome Presents by Members.

Madison, Wis., April 24.—[Special]—The legislature of 1897 adjourned this afternoon after passing the sleeping car taxation bill and the labor bill. Before adjournment in the senate, Lieutenant Governor Baerach, was presented with a beautiful ring and Chief Clerk with a gold watch. Sergeant at arms Pettibone also came in for a present, a diamond ring.

The sleeping car taxation bill came very near meeting its death in the assembly after being passed by the senate. When it came in Mr. Polachek, of Milwaukee, raised the point of no quorum, but was finally persuaded to waive the point and the assembly which had formerly passed the bill concurred in the amendments which the senate had introduced. The bill will become a law upon being signed by the governor.

A debate took place in the senate over the labor bill particularly over the section forbidding the cleaning of machinery while it is in operation. The bill was finally passed to a third reading.

THE DUN REVIEW OF TRADE

The European War Has Caused Great Excitement—The Failures

New York, April 24.—R. G. Dun & Co.'s weekly review of trade says:

"If either Turkey or Greece had been wholly buried in the sea, markets might have been affected less than by the outbreak of war in Europe. Like fire in the heart of a crowded city, it raised the question if a general conflagration may spring out of it. To this possibility, and not to the direct influence of either Turkey or Greece upon the world's money or produce market, was due the excitement in grain and stocks. As the unknown is magnified, American markets were much more flighty than European, where the possibilities have been discussed and partly discounted for months. But the uncertainty remains, and will affect movements of money and staples until it disappears. Wheat rose 6 cents from Thursday to Monday, and has retained most of the rise. Cotton has been affected scarcely at all. Prices of pig iron and unfinished products are lower, the demand not yet equaling the supply. Sales of wool have been largely of foreign, reports being swelled by arrivals of quantities sold some time ago. For the three chief cities the sales were 34,036,800 pounds in three weeks.

"Failures for the week have been 218 in the United States, against 238 last year, and 21 in Canada, against 44 last year."

May Restrict Malt Law.

Des Moines, Iowa, April 24.—It is believed that one of the sections of the law governing corporations passed by the senate Friday will considerably restrict the operations of the manufacturing law recently passed by preventing the forming of corporations to engage in the business of manufacturing liquors.

The new corporation law provides that corporations organized for pecuniary profit must, before beginning business, forward their articles of incorporation to the attorney-general for inspection. The law then provides: "If the attorney-general finds the business proposed is a lawful one he shall certify thereon such fact, and with such certificate the articles shall be filed in the office of the secretary of state."

One of the sections of the malt law specifies that nothing in the law shall be construed to legalize the sale or manufacture of intoxicating liquors, but that the obtaining of statements of consent shall act only as a bar against the enforcement of the prohibitory law.

Miles' Trip Not Decided.

Washington, April 24.—Secretary Alger stated Friday that no final decision had been made respecting the sending of General Nelson A. Miles, commanding general of the army, to the scene of the Turko-Grecian conflict for the purpose of military observation. The question was under advisement the secretary said.

Are Unable to Agree.

Washington, April 24.—The subcommittee recently appointed by Senator Cullom, chairman of the interstate commerce committee, to consider the advisability of taking up railroad legislation at this session of congress has carefully considered the subject but has failed to come to a decision.

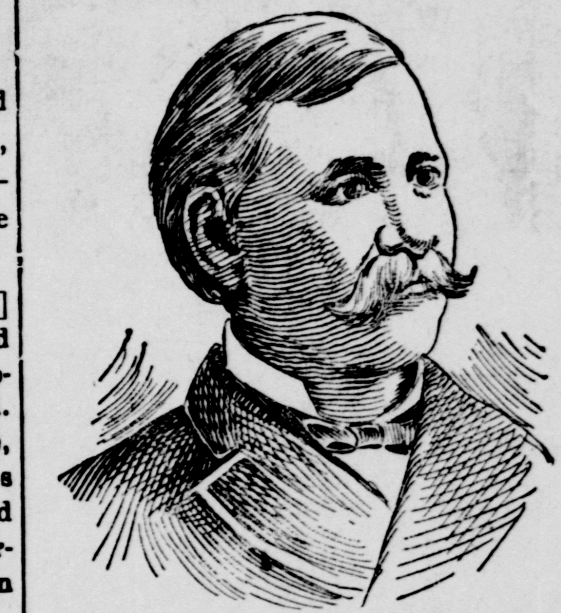

Superintendent Inglis Is Improving.

Springfield, Ill., April 24.—State Superintendent of Public Instruction S. M. Inglis, who was stricken with apoplexy some weeks ago at Milledgeville, and has been confined at his home in this city ever since, was out riding for the first time Friday. He improves very slowly, and next Monday will go to Kenosha, Wis., for treatment at a sanatorium.

rence of his old trouble in his amputated leg. His condition is such that his physicians have ordered absolute rest, bodily and mentally for two weeks.

HE SUSTAINS THE COMPANY

United States Judge Nullifies an Act of the Indiana Legislature.

Indianapolis, Ind., April 24.—Judge Schwaiberger of the United States Court, has granted the injunction asked by the citizens' street railway against the enforcement of the 3-cent fare law. The effect will be a return to 5-cent fare.

The Hugg law is declared to be unconstitutional, because it is special legislation, applying only to the city of Indianapolis. It is the opinion of the court that where proceedings in effect destructive of a vested property right are threatened by a defendant in official position, under color of a void statute, the preliminary injunction ought to issue. The suggestion by the attorney-general, the court says, that in any event this court ought not to consider the case made by this bill until the Supreme Court of Indiana has pronounced upon the specific enactment in contention, is one which the court had no right to entertain, and it is ordered that the injunction issue as prayed.

MR. HOLMAN'S DESK DRAPED

House Chaplain Refers to Death of the Congressman.

Washington, April 24.—The desk of the late Judge Holman Friday was covered with a black pall of mourning, upon which were strewn lilies of the valley and hyacinths. The blind chaplain, in his prayer, referred feelingly to the loss the house and country had sustained in his death.

The house completed the consideration of the senate amendments to the Indian appropriation bill and sent the bill to conference.

Is Opposed to Investigation.

Pittsburg, Pa., April 24.—The session of the legislative committee appointed to inquire into the condition of affairs in the Pittsburg mining district was enlivened Friday by the severe arraignment of the committee by J. B. Cory, a wealthy coal operator. When Mr. Cory took the stand he objected to the legislature "nosing into other people's business," and said the members ought to be investigated. The present investigation, he said, was an outrage and a disgrace to the commonwealth of Pennsylvania.

Railroad Managers in Session.

New York, April 24.—The board of arbitration of the Joint Traffic Association met Friday and discussed several subjects of interest in railway circles, but no decisions were arrived at. The question of differentials to mileage rates over the smaller roads in the association was given considerable attention, after which argument on the appeal of the Pennsylvania railroad with respect to a sliding scale of fares on express trains between New York, Cincinnati and St. Louis was heard.

Thousands Cry for Bread.

Madrid, April 24.—Widespread distress continues among the thousands of unemployed men and women in the south of Spain. A large gathering of idle workmen, with their wives and children, assembled at Lucena yesterday and clamored for bread. The authorities were powerless to assist them, and the crowds were compelled to disperse as hungry as they came.

Religious Educators Meet.

Washington, April 24.—The eighth anniversary of the American Society of Religious Education will be held in the First Congregational church, this city, Sunday night. J. M. Harlan, justice of the United States Supreme Court, will preside. President McKinley has promised to be present.

To Honor Grant's Memory.

New York, April 24.—Gov. Black's proclamation making April 27 a legal holiday in this and adjacent counties of the state will cause the almost absolute cessation of business in Wall street and the financial district on that day. The exchanges and kindred institutions have agreed to close.

King Humbert's Assailant Insane.

Rome, April 24.—The physicians who have been examining Pietro Acciarito, the iron worker of Ardegn, province of Udine, who tried to stab King Humbert Thursday with a dagger while his majesty was on his way to the races, pronounce him to be insane.

Indiana Editors to Meet.

Indianapolis, April 24.—The executive committee of the Democratic Editorial Association of Indiana held a meeting here Friday to arrange a program for the semi-annual meeting which will be held in June. Paoli, Orange county, was selected as the place of meeting. Contrary to the usual custom, no outsiders will be invited to discuss political questions, as these discussions last year awakened considerable feeling, which the committee thinks should be avoided.

Good Wishes for Greeks.

Washington, April 24.—Representative Maguire of California on Friday introduced a resolution in the house declaring that the war between Turkey and Greece was a war between Moslem and Christian civilizations and directing that the sympathy of the United States be extended to Greece, with the hope that her struggle may be successful. The resolution was referred to the committee on foreign affairs, but as that committee is not appointed no action will be taken at present.

Sons of Revolution Meet.

Detroit, Mich., April 24.—Michigan Sons of the American Revolution honored their forefathers' memories Friday night in the annual reunion and dinner of the society. Over 100 members were present at the banquet served in the Russell house, and the accessories of floral and patriotic decorations and music added to the sentiment of the spirit of '76, which the society seeks to perpetuate.

The Missouri Pacific Loses.

Lincoln, Neb., April 24.—A suit to enjoin the payment of \$40,000 bonds voted to the Missouri Pacific road for building through Nebraska City was decided against the road in the Supreme court. Ex-Secretary of Agriculture Morton brought the suit and has fought the payment of the bonds for many years, finally successfully.

Finish Their National Organization.

Cleveland, O., April 24.—The sewer pipe manufacturers have completed the formation of their national association. A big company has been incorporated under the laws of Ohio, with a capital stock of \$7,500,000. Forty-four factories are embraced and the name of the organization is the Central Union Sewer Pipe Company.

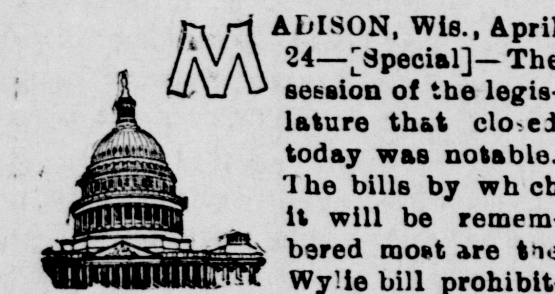

So Fast Dingley Tariff.

Havre, April 24.—The steamer La Touraine sailed for New York Friday, a day ahead of her schedule time. She carries a lot of American imports and desires to reach New York before May 1, in view of the Dingley tariff.

WORK OF A SESSION IS SUMMARIZED

WHAT THE LEGISLATURE DID AT MADISON.

Some of the Notable Bills That Were Introduced; Passed; Killed; and Vetoed—Fish and Game Law May Cause Trouble—A. P. A. Measures Killed—Adjourn Today.

MADISON, Wis., April 24.—[Special].—The session of the legislature that closed today was notable. The bills by which it will be remembered most are the Wyke bill prohibiting pool seeling; the Hall railroad resolution compelling the railway companies to permit investigations by the state to see if they are making proper returns for taxing purposes; the new fish and game law, and the intermediate prison bill. These measures affect the entire state and were in a sense unexpected legislation in that degree that they were not outlined by party demand of popular clamor before the session. The anti-pool bill was loudly called for by the citizens of Milwaukee. But until the legislature convened there had been no previous action taken for the bill. On the other hand the measure providing for a three-tenths mills tax which creates the first general state tax which has been levied in many years was a bill which it was confidently expected would be adopted and which was in a sense a party measure; having been demanded by the message of Governor Scofield to the legislature. The Hurd anti-cigarette bill was supplemented by the Whitehead bill which prohibits the sale of cigarettes to minors. As has already been said these provisions were incorporated in separate laws for the reason of the fear that the Hurd bill would be unconstitutional as being in contravention with the interstate commerce powers which place the subject of traffic from one state to another within the sole control of congress. In passing these bills the legislature paid great attention or at least gave good recognition to the Young People's Christian Endeavor Society and the Women's Christian Temperance Union. From the former one of the unique curiosities was presented in the shape of a petition a mile long containing some 50,000 names and written on white cambric.

The Agricultural Bill.

Of the measures which have caused trouble in the legislature some of the most interesting have undoubtedly been the True agricultural bill which wipes out of existence on Jan. 1, 1898 the present board of managers of the State Agricultural society and places that association under a new directorship. Another measure which only went by both houses by a close vote was the measure of readjusting the salaries of state employees and reducing their number, while the historical library appropriation bill, which in the first of the session it was feared would prove a severe bone of contention went by both houses with but little debate. The Overbeck tax tonnage law which practically repeals the present system of a tonnage tax vessels by making the a amendable to an assessor whose only limitation is that he shall not tax vessel property below a certain sum, was not a debated measure any great degree, but one which required more committee hearings than other bill which appeared in either house. There were some eight or nine hearings granted on this measure before it even passed the assembly, and the senate committee on assessment and collection of taxes heard the matter argued some twenty or thirty times.

The medical bill, which provides for a board of medical examiners, was the recipient of more oratory than any other measure. In the assembly especially it was bitterly fought and at times the debate over it was very personal. In connection with the bill was the Frink investigation which was occasioned by the charges that assembly men Frink had attempted to solicit money from the physicians who were lobbying for this bill for his committee vote on this measure. The result of this investigation was a committee report on the Scotch verdict of "charges not proven."

A. P. A. Bills Killed.

All the American Protective Association measures, and they were numerous, were killed. The slaughter on these bills having included a measure for the inspection of convents; a bill permitting state officers to search for concealed arms; and various anti-Catholic asylum schemes. None of

these measures saw further light of day than third reading, and died by the wayside despite bitter protests on the part of American Protective Association members. The great blow, however, which was struck at the A. P. A.'s was the defeat of an attempt to remove from the capitol at Washington the statue of Pere Marquette, and in taking this step the leaders of the republican party in Wisconsin seemed to believe they have gone a long way towards the raising of religious issues in future assemblies. Of the measures which are going to cause trouble throughout the state, the fish and game law is likely to receive the most severe condemnation. It is not the law itself in its general provisions which will likely be fought, but particular clauses of it applying to particular sections of the state. Thus the Lake Winnebago fishermen are up in arms at certain portions of the measure, and will, it is understood, fight bitterly in the courts the bills passed. Cere has been taken to leave no technical errors this time which shall vitiate the law.

The Taxing Measure

Of the taxing measures which have been passed or defeated by this legislature the most notable was the compromise street railway taxing bill. This measure makes no change in the taxing of street railways in the smaller cities but omits from its provisions railways not operated by electricity. In fact, the only company which will feel an increased burden because of the bill is the Milwaukee Street Railway company. This company's taxes are increased it is said, to about \$60,000 a year, and while this is a small sum for it to pay and the bill is hardly satisfactory to the people of Milwaukee, who demanded a return to the old system of taxation so the street railway should be taxed as other property, it is an improvement over the old law and a betterment on the original senate bill which it was first decided to pass on this subject. A bill taxing express companies and a measure increasing the tax of telegraph companies were also got through this legislature. The former will make the taxes of the express companies about \$15,000 a year, and while this is a small sum it is something when it is considered that these corporations have never before paid anything to the state. A blow was struck at further extensions of the graduated tax system by the ignominious death which was meted out to a bill introduced early in the session whose passage was bitterly fought for adding to the list of corporations taxed on their gross receipts, water works companies.

The University Bill.

Perhaps while not properly a taxing measure to speak at this time of the university measure which provides for the levying in the future for all eternity unless some other legislature shall change the law of a two-fifths mile tax for the benefit of the Wisconsin university. During past years there has been at each legislature a bill at this character adopted covering only a period of two years. Now the necessity of passing a similar bill at each legislative session is obviated by making the present law perpetual until countermanded. Among other university measures which were introduced but few saw the light of day farther than an adverse committee report. While at the beginning of the session there was much opposition to the Wisconsin university it gradually dwindled away as the session grew older and finally fell almost away. One of the hot fights of the session was over an original university measure striking the president from membership on the board of university regents. This bill after a hot debate was killed on the floor of the assembly and ended in a great degree any further injurious measures to the university. Later bills were introduced requiring reports to the legislature from the university regents and providing for a permanent legislative university visiting committee but they were killed. The university investigation begun by a special committee in both houses amounted to nothing.

The Appropriation Bills

But little need be said in regard to the appropriation bills provided for by this legislature as they have already been pretty carefully reviewed by the report of the committee on claims. Among the most notable, however, was the bill providing for a \$420,000 appropriation for the state historical library, which covers a period of seven years. This measure is in such form that a loan may be made for the immediate completion of the library building which has already begun on the lower university campus; the usual bill making appropriation for the penal and charitable institutions, and the bill for an intermediate prison. As a matter of fact the appropriations this session are considerably less than at former sessions, although there is a slight increase in the tax for the support of the normal schools.

Among the notable bills which have been killed this session, are the measure creating a state purchasing agent, and the bills for the repeal of the struck jury act. All three of these measures were among the notable bills of the session, and the labor bill and the repeal of the struck jury were measures that should have been passed.

Not a Talking Legislature.

This has not been a talking legislature and nearly all the work has been done in committees. Among the measures besides those mentioned which have required a great deal of committee attention was the bill prohibiting the sale of the products of the university farm. This bill was bitterly pressed by farmers residing around Madison and was only killed

by the hardest work on the part of Dean Henry of the Agricultural college. Another bill which elicited a great deal of debate was the bill permitting the use of long distance telephone lines by rival companies. This bill was killed after hard work by Henry C. Payne but in his fight on this measure he met a foe worthy of his steel in "Uncle Rod" Taylor, who was the champion of the minor telephone companies in the fight.

Among the other bills of general interest which were passed may be mentioned: the bill repealing the Keely cure law; the acts making appropriations for the destruction of property under the invalid fish and game laws; the bill changing the boundaries of Forest county; the measure providing for the introduction of physical culture in the public schools; the bill compelling poisons to be sold in red triangular bottles; compelling the labeling of prison made goods, and providing for the establishment of a commission to look into the prison labor question; permitting cities of the third and fourth classes to change their ward boundaries by ordinance; providing that civil service rules shall apply in cities of the second and third class, and several changes in the practice of the courts.

No Board of Pardons.

The legislature failed to act on the gubernatorial suggestion for the creation of a pardon board, a bill on that subject having been killed; but it took one good step at last in the killing of all bills providing appropriations caused by losses because of the invalid Keely cure law.

The wheelmen of the state are however dissatisfied with the legislature because of its failure to pass a bicycle baggage bill and perhaps it would have been well to enumerate this measure in the list of political troubles which this legislature has had to face. The bicyclists made a political issue of this bill and claim to be after the scalps of all persons who voted against the measure. As they are now no considerable factor as far as numbers are concerned they may be heard from later because of the death of these bills although the railway lobbyists here have claimed that some steps will be taken by the railroad companies themselves so appease the wheelman on this score.

TO HOLD A PICNIC AT Y.M.C.A. BUILDING

NOVEL ENTERTAINMENT NOW PLANNED.

Ladies' Auxiliary Will Be in Charge—Odd Fellows Prepare the Program For Their Celebration—Mrs. J. W. Scott's Pupils Give a Recital—The Milkmaids' Convention.

A spring time picnic is a very novel entertainment, which will be given by the Woman's Auxiliary of the Y. M. C. A. at the association building next Friday evening, April 30. The entire building will be used in the entertainment, the gymnasium and the lower rooms being fitted up as the picnic grounds. There will be hammocks, see saws, rope jumping, a peanut roaster, a popcorn stand, a lunch counter, an ice cream tent and everything that goes with a genuine picnic. There will be a stand where candy will be made, pulled and sold. The auditorium will be used as a pavilion where a bright program will be given. Ten cents at the door will admit a person to the entire building including the program. Refreshments will be extra.

Milk Maids' Convention

The "Milk Maids' Convention" at the First M. E. church last night, was a very enjoyable affair. A pretty drill was given, the ladies being in command of Capt. C. L. Hanson. Miss Jessie Croft presided at the convention, and Miss Maud Bear was secretary. H. E. Cary, Neil Lewis and James Scobie were the reporters; Arthur Granger was the telegraph messenger; while the young ladies who took the part of milk maids were:

Misses—Grace King, Elsie Cummings, Etta Cousins, Lucy Hanson, Daisy Newell, Clara B. Boyes, Jessie Steadwell, Alma Rusch, Ivy M. Downs, Susie B. Segers, Jessie Croft, Susie Lewis, Verberna Bates, Ruby Barchard, Mabel Benedict, Ella Morrison, Nettie Mable, Jennie Boyes, Dora Rusch, Lillie Quackenbush, Maud Bear, Alice Sanner, Elva Crawford, Mabel Glenn.

Gave a Fine Show.

The Rogers Orpheum Star company gave an excellent entertainment at the Myers Grand last evening and will close the engagement tonight. The company is capable and includes the Castelllos, Harry and Jennie, in their flying trapeze act, Miss Alta Atten, a female baritone vocalist; Mysterious Harry, in card tricks; and feats of ledgerdemain; Walter Reed, an exceptionally good Irish comedian, Marlow, the contortionist and the Hondie in the great Hindu box mystery.

A Musical Treat in Store.

Music lovers of Janesville will be given a rare treat at the Myers Grand next week. The Jolly Pathfinders operatic orchestra is one of the best travelling. Rentfrow's band and orchestra is under the direction of Prof. N. H. Moray, the talented composer and leader. An entire change of the musical program is given at each performance. The band will give a concert every day at noon and evening in front of the Opera House. The company will be here all the week. The prices will be 10, 20 and 30 cents.

J.M. BOSTWICK & SONS. THE BIG STORE 20, 22, 24, 26 S. MAIN ST. JANESVILLE, WIS. WE KEEP THE QUALITY UP

There Are Here Shirt Waists.

50 dozen of the choicest styles to be seen in Janesville. Bought with great care. Our styles are refreshingly new. Our waists are made with detachable collars and cuffs.

For Babies.

Beautiful line of Cloaks—garments made in Philadelphia. Styles are so neat but not high, great variety. Bonnets and Caps—all styles and prices. Most complete line we have yet shown. Slips—The daintiest styles imaginable. Good ones at 50c; excellent values at 75c, \$1, \$1.25, etc. For special occasions we have them at \$5.00 and \$6.00. It is a pleasure to look at the many pretty things we show for infants and young children.

Suits.

All the spring we have shown a large assortment and done a splendid business. Our suits are sellers. In addition to the large number sold out of stock we have taken about 40 special orders. Women are well pleased with their garments and each sale made is a walking "ad." for the suit department.

Skirts...

To be able to get a nice hanging, well made skirt at a small price is a great help to many women. Our skirts hang right and satisfy, jueging from the many we are selling.

Spring Jackets. Spring Capes...

Styles that are pleasing and at figures that are low. Just in—a line of black cloth and silk Capes especially for elderly women. At \$5.00, an excellent all wool Jacket of black Clay wrcsted diagonal. Several numpers in Capes that are very good, for little money.

Wrappers...

Such values not to be seen elsewhere. It's a fact, look where you will, you cannot find wrappers made like ours. A woman takes hold of one and knows at once that it is made of better material than the ordinary run of them. The very best grade of 12½c percale is the cloth of which many of ours are made.

THOSE fifty new patterns of 3-ply Aggra and Delphi ingrain carpets, are worth twice as much as common ingrain, and the patterns are copied from the best Brussels. The price is a trifle more than for the ordinary run of ingrain carpets, and the goods are far superior in every way. Bort, Bailey & Co.

In Body Brussels, Wilton, Velvet and Akminster carpets we can save you from 5 to 25 cents a yard. We can afford to offer you these goods at lower prices for spot cash; no long waits for money, no bad accounts to make a person who pays cash to make up for. It is easy to see that our cash plan benefits the purchaser. Bort, Bailey & Co.

South Dakota in Springtime is clothed with verdure green and spotted with beautiful blue and white prairie flowers tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outstrips its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States. And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

Opportunity For Home-Seekers. There are excellent opportunities along the line of the Chicago & Northwestern R'y in Western Minnesota and South Dakota for those who are desirous of obtaining first class lands upon most favorable terms for general agricultural purposes, as well as stock raising and dairying. For particulars and landseekers' rates, apply to agents of the Northwestern line.

Hammocks. We have put in a stock of hammocks, the latest style, the prettiest colorings with fringes and pillows. When you get ready to buy come and look our line over. Sanborn.

COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials we have lately received: Mrs. M. C. Hinkley, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from the Pyramid Pile Cure. I suffered from piles for forty years and from itching piles for twenty years and two boxes of the Pyramid Pile Cure has effectually cured me. Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

LINE WILL NOT GO THROUGH

Chicago Telephone's Company Will Not Reach This City.

The Chicago Telephone Company which is now stringing a long distance wire from Chicago to St. Paul, has decided not to include Janesville in the route, but will go by way of Milton. The company is making a short cut to St. Paul and is not at all particular as to what towns the wire goes through.

MISS BROWN A FINE ARTIST.

Janesville Young Lady Is Getting to the Front Rapidly.

Miss Ella Brown, daughter of Mr. and Mrs. E. Tracy Brown, recently completed an oil painting of her father that is a work of art. For over a year she studied art at Fox Lake and then spent a year in Beloit College, after which she took a year's course at the Chicago Art Institute.

The Richest Congressman.

Congressman Charles F. Sprague, of Boston, is probably the richest man who will sit in the Fifty-sixth Congress. He is but forty years old, while his wife, who was a Miss Pratt, of Brookline, Massachusetts, is some years his junior. The joint wealth of this fortunate couple is estimated at twenty million dollars. Mr. Sprague comes from an old historic Plymouth family. His grandfather, Peleg Sprague, was a congressman and senator from Maine, and on his retirement from the senate he was appointed a district judge in Massachusetts, which position he held for many years. His maternal grandfather was William Lawrence, brother of Amos and Abbott Lawrence, the latter being minister to the court of St. James at one time. Mr. Sprague was graduated from Harvard College.

C. F. SPRAGUE.

He is a lawyer, but is seldom seen in the courts, his time being taken up in looking after his own and his wife's extensive financial interests. He was elected to congress last November by the largest majority of any Massachusetts member.

Glass as a Building Material. Glass is a prospective building material. Demand for light, durability, cleanliness, strength and protection from fire insure its much wider employment in the near future. The protection offered against electrical disturbances and the possible casualties from the increased employment of electricity, is also open to consideration.

Glass floors are in the line of progress, and the prospect is that there will be a demand for glass houses one of these days. Indeed, the demand for better lighted apartments in closely built districts, made imperative by hygienic necessity, far exceeds the methods at present available.

In the memories of many more the success of Hood's Sarsaparilla is indelibly imprinted. The cures by Hood's Sarsaparilla are literally written in blood—in blood made pure, enriched and vitalized, cured of scrofulous taints, salt rheum, boils, pimples, spring humors—in blood which properly builds up the nerves, strengthens the stomach and gives that tonic to the system so imperatively needed in the Spring.

Warned by Smell of Smoke...

The many fires of late have made people think about their insurance—the companies in which it is written, and the amount covered. The good business man does not forget that his property may go next. He does not expose himself to a crippling loss.

THIS DAY IN HISTORY.

1347—Victory of Charles V at

Muhlberg and end of the

war of the Smalcald

League.

1781—Daniel Foe or De Foe, author

of "Robinson Crusoe"

and other works, died;

born 1661. De Foe was an

erratic genius, even for the

times in which he lived.

His fortunes were summed

up by himself in the fol- JAMES T. FIELDS

lowing: "No man has tasted different for-

times more. And 13 times I have been rich

and poor." He enjoyed the favor of the

king and endured the shame of the pillory

and prison.

1743—Edmund Cartwright, inventor of the

power loom, born; died 1823.

1764—Thomas Addis Emmet, Irish patriot, born

in Cork; died 1827.

1861—Farragut passed the forts and thus in-

jured the capture of New Orleans.

1877—"Parson" William Brownlow, preacher,

editor and politician, died; born 1805.

1881—James T. Fields, American publisher,

lecturer and author, died; born 1818.

1891—Field Marshal von Moltke of Germany

died at Berlin; born 1801.

1896—Ex-Governor David H. Jerome of Michi-

gan died at Watkins Glen, N. Y.; born 1835.

THE SAME MEDICINE.

Germany's protest against the Ding-

ley tariff bill is inconsistent. Ger-

many has discriminated unfairly

against every American product.

Take pork for example. For many

years Germany had a quarantine

against American pork, ostensibly on

the ground that it was unwholesome,

but actually as a measure of protec-

tion for the home product. The

United States made no protest against

he protection, but it did against the

falsely involved in the pretense that

American pork was diseased, or in any

way inferior to that of any other

country. Consequently Germany's

howls against the Dingley bill will

have no influence on the tariff framers.

Convicts need not be unemployed,

even if prison factories are suppressed.

In Michigan they probably will be

employed in road improvement, one

petition for this departure having

been signed by 9 600 laboring men.

Wisconsin roads are no better than

Michigan's and work on the main

highways would not be wasted.

Look out for a new declaration of

independence. The middle-of-the-

road populists have issued a call for a

national convention to be held at

Nashville, Tenn., July 4 next.

The democrats of the house ought to

take their show on the road. If they can

add Jerry Simpson to their already

large crop of clowns, it ought to out-

draw all the other circuses.

Speaker Reed is like a South Ameri-

can government, because of the num-

ber of advertised revolts against him,

and unlike a S. A. g., because none of

the revolts materialize.

A sinful man sized up the political

situation the other day in poker par-

lance by saying that the democrats

won all the antes and lost all the jack-

pots.

The culture of the sugar beet is at-

tracting increased attention in Wiscon-

sin this spring. There is over \$100,-

000,000 in a year in.

The country is opening its eyes to

the way Mr. Cleveland distributed

offices as party spoils under the guise

of civil service reform.

Our sympathy is with the Greeks,

but if they do not get some outside

help the Turks will be likely to wallup

them thoroughly.

Where are all those fellows who

wanted to fight for Cuba? Who don't

they volunteer to fight for Greece?

French Dimity and Organdie Sale.

The kind of goods you have been

paying 25 and 35 cents a yard for, we

are going to sell at 19 cents a yard.

Patterns are all new 1897 effects. We

can afford to sell imported organdies

and dimities at 19 cents because we

sell them for cash and at the same

time gain friends and customers. We

have just received fifty new pieces of

these goods, and this is an excellent

opportunity, which you will not always

have. It is a fact that we are selling

dry good of all kinds from 10 to 20

per cent less than any house in the

city. People tell us this every day.

We will offer some bargains in

misses' and childrens' shoes, button

lace either black or colored. Misses

vici kid regular \$2 goods go at \$1.50.

Children's vici kid \$1.75 and \$2 kind

will go at \$1.25. Children's fine goat

shoes sold at 11.75 and \$2 will go at

\$1.25. We have a large stock of

children's school shoes all sizes, light

and heavy from 75 cents to \$1. These

prices will interest the ladies espe-

cially who have large families. Rich-

ardson.

THEIR WEDDING DAY SET.

Amos Rehberg and Miss Lovejoy To Be

Married April 28th.

Amos J. Rehberg and Miss Grace
Lovejoy both of this city will be mar-
ried on April 28th. Miss Lovejoy is
the daughter of Mrs. Emma P. Love-
joy of 207 South Academy street while
the groom-to-be is head clerk for
Brown Bros. They will reside on
Pearl street near Ravine.

A Serviceable Machine.

A new piece of machinery for fin-
ishing chenille and lace curtains has
been added lately to the already com-
plete outfit of the Janesville Chemical
Steam Dye Works. The apparatus is
of late pattern and is made at Baynes,
Ohio. It was expensive compared
with the amount charged for cleaning
and finishing curtains, but Mr.
Brockhaus, the proprietor does not
spare money if better equipments for
his establishment is to be had. He
has a larger and better plant in every
way than ever before and the clean-
ing and dyeing of curtains, draperies,
clothing, silks, woolsens, and cloths
of all kinds can be done equally as good
if not better than dye houses in the
cities can handle them.

Eckertlebe Is Found Guilty.

Clinton, Iowa, April 24.—Christian
Eckertlebe, convicted and condemned to
death for the brutal murder of 18-year-
old Mina Kiel, near Bellevue, July 4,
1896, and granted a new trial on ac-
count of technical error of a juror, got
a new lease of life Friday night. The
jury, after being out thirty two hours
and taking 150 ballots, returned a ver-
dict of murder in the first degree, with
penalty of life imprisonment.

Jimmy Barry Defeats Anthony.

San Francisco, Cal., April 24.—Jim-
my Barry, the bantam champion of
America, and Jim Anthony, the cham-
pion of Australia in the same class,
met Friday night at Woodward's Pa-
villion to settle the question of the in-
ternational championship in a twenty-
round battle. Barry won the fight on
points, being given the decision at the
end of the twentieth round, after hav-
ing done the bulk of the fighting
throughout.

Takes Effect in June.

Springfield, Ill., April 24.—Attorney-
General Akin has given official ap-
proval to the Republican program to
elect circuit judges from the new dis-
tricts at the coming June election, not-
withstanding that the emergency
clause was stricken out of the reapportion-
ment bill. The Democrats will un-
doubtedly carry the fight to the Su-
preme court, and a big legal tangle is
among the possibilities.

MR. WATROUS TELLS OF CHICAGO AFFAIR

WAS ABSOLUTELY NO EVIDENCE AGAINST HIM.

Five Witnesses Knew That He Was Not Present When the Shooting Was Done, and He Was Cleared of All Blame—Work For Telephone Company.

Henry B. Watrous, the former Beloit boy, who was arrested in Chicago for the alleged murder of Bartender McCoy, paid local friends a visit yesterday. Mr. Watrous talked freely of the unfortunate affair, of which he was proved to be innocent.

"This notoriety is not the kind I like," he said, "but as long as I have been wronged, there is nothing like righting the matter. It is my opinion that McCoy shot himself either accidentally or with suicidal intent. Any one who has inquired into the affair knows now that I was in no way implicated. Five witnesses were prepared to prove a alibi for me.

"At the time of the shooting I was asleep in bed at my boarding place. When I was arrested, I was puzzled to know what the police wanted me for. For four days and four nights I was kept at the Wentworth avenue station in ignorance of the charge made against me and you can imagine now a man would feel in such a position. My arrest was based entirely on the statement made by a friend of McCoy's. This friend's name was Edgewood and when he attended McCoy at the hospital he claimed that McCoy's dying statement was that the taller of the three men who were in the saloon at the time, was the one who did the shooting. There was no getting around the fact that I was the taller of the three and my arrest followed. But the coroner's jury exonerated me soon after taking the case in hand."

Watrous said he was not in the least pleased with the publicity the Beloit papers gave the affair and especially with one article headed "Watrous Turns Bandit."

He is now in the employ of the Chicago Telephone company and has a good position. He is now assisting in erecting the new line that the company is building from Chicago to Madison.

THE next social event of any size will be the May party by the Brotherhood of L. E. and F., which takes place at the armory next Friday evening, April 20th. A pleasant time is looked forward to by many people and the outlook is for a large attendance. Smith's orchestra will furnish the music and supper will be served at the Opera house restaurant at 75 cents a couple. Keep the date well in mind.

WHO WILL MANAGE ATHLETIC MEET?

THE INTER-STATE COMETITION PLANS MIXED.

Supt. Wayne Goes to Milwaukee To Attend a Meeting of the Principals—Seems To Be a Case of University Against the High Schools of the State.

Whether or not the athletic board at the state university are to rule the coming Inter-Scholastic Athletic meet to be held in Madison, or whether the superintendents of the Janesville, Oshkosh and Milwaukee schools will be in charge, is a matter that Supt. D. D. Wayne of this city, is helping to settle at Milwaukee this afternoon.

Several weeks ago, when the matter of the state meet was first talked of, the city of Madison was settled on as the meeting place and the date was then fixed as May 29. A committee of three was then appointed consisting of Prof. S. A. Hooper of Milwaukee, Prof. W. P. White of Oshkosh, and Prof. D. D. Wayne of this city—to manage the competition. In view of the fact that Madison was selected as the meeting place, it was decided to admit the state university.

President Adams, it is said, refused to take the affair on his shoulders, but did finally consent to allow the Athletic Board of the university to take up the work.

The board then got right down to business and appointed instructors Frame and Rohn as managers. It is said that Messrs. Frame and Rohn are not the best of friends and Rohn emphatically declared that if Frame remained on the committee he would withdraw. The high school committee men favor Frame, but they do not like Mr. Rohn, nor will they accept other managers that the university men propose to put in his place.

The matter at present is very much mixed up and the meeting at Milwaukee this afternoon, was for the purpose of seeing what could be done. It now seems to be a case of "University against High school."

THEY FAVOR SQUIRREL WHISKY

Expert Testimony Was Taken in the Municipal Court.

Will poor whiskey kill a man as quickly as good whiskey?

That question was ably discussed in the municipal court this morning and at the end of the debate, it was decided that "squirrel whisky" was less deadly than the high priced brand. Patsy Griffin and James Welch spoke on the affirmative, and delivered masterly addresses, while Chief Hogan, Officer Appleby, and Sheriff Acheson doubted the statement. However, after the discussion, the referee was convinced that if Griffin and Welch were to be considered as fair samples, the poor whiskey was to be recommended.

Mr. Griffin and Mr. Welch both answered to the charge of being common drunkards.

Patsy's Expert Testimony.

Mr. Griffin's case was the first to receive attention and he managed to hobble before the bar. His story was the same old tale of woe that he has told in this court so many times before. When questioned by Chief Hogan Patsy said he was fifty-seven years old. During all these years he has been knocked about and drank whiskey more or less. To the fact that he had eschewed good whiskey he said, he believed he owed his life—good whiskey, in the quantities he had been wont to use, would have ended him, long ago.

James Welch, an umbrella repairer by trade, also made a strong plea for poor whiskey rather than the expensive kind.

"I could give any amount of reasons why a man should not use these high class brands," said Welch. In the first place they contain more alcohol and it is better alcohol than is put in cheap whiskey. It is the alcohol in the whiskey that counts.

Tramps Do Not Have Snakes.

"Then again you hardly ever hear of a tramp having a case of the 'snakes' while many drinkers of high class goods have the snake-derrum tremens, I should say. No sir, if you must drink whiskey take my advice and drink squirrel whisky only. It will knock you out but it won't kill you so quickly."

"That's right," said Griffin "my friend the umbrella artist, knows what he's talking about. If you're going to drink, drink forty rod, or wood alcohol whitelight and you will be able to stand as many hard knocks as I can."

"Five days in jail each" said Judge Phelps, and the two men were led off to the bastille. All who heard the debate were satisfied that two better samples of the handiwork of John Barleycorn could not have been secured.

HER HAND CUT BY A BOTTLE

Miss Julia Dockery Falls Down Stairs and Is Hurt.

Miss Julia Dockery fell while descending the stairs with a nursing bottle in her hand, at the home of Mr. and Mrs. J. S. Rowdoin. The bottle was broken, and Miss Dockery cut her hand quite severely. Dr. R. W. Edden dressed the injury.

HOPE OCEAN TRIP MAY BENEFIT HER

MISS SADIE HOLT TO CROSS THE OCEAN.

Physicians Think a Voyage Will Help the Young Lady Who Lost Her Voice While Suffering with the Grip—She Will Spend Three Months in England.

Miss Sadie Holt, who lost her voice some weeks ago, will take an ocean voyage in hopes that she may be benefited. Her parents, Mr. and Mrs. Adam Holt, as well as the local physicians who have treated her, think that a trip to England will help her, so on May 22 she will sail on the steamer Campanian from New York. She will be accompanied by her mother Mrs. Adam Holt, Mrs. Andrew Lowry, Mrs. E. Robinson and Adam Robinson all of this city.

Three months ago Miss Holt contracted a severe cold, which finally ended in the grip. At this time she was unable to speak above a whisper, but no serious results were anticipated. Soon recovered from the grip, but did not regain the use of her voice, and today she cannot speak loud enough to be heard across a room. Miss Holt, when seen this morning, said that she did not suffer, and that her trouble was only a matter of inconvenience.

The party expect to be gone about three months and will spend the greater portion of their time in England, where they have relatives.

SWEET BUT FATAL

Doctor Slowly Dying of a Disease His Science Could Not Check.

DIABETES' RELENTLESS GRIP.

The Doctor Lives, Speaking Praises of Dodd's Kidney Pills Which Effectively Cure Where Other Remedies Utterly Failed—They'll Do the Same for You.

YATES CORNER, Kas., Dec. 20—In this city everybody knows the story how Dr. E. A. Rose was cured of diabetes by DODD'S KIDNEY PILLS, when all other remedies failed. It seems too good to be true. Yet his own unsupported word would be taken wherever he is known.

Dr. Rose spent the summer here, rescuing this place a few weeks after he had risen from a bed of sickness that promised to be his death-bed for he had reached the last stages of diabetes.

Strange to say, the doctor was hale and hearty as any man of 55 could be. He was not sick a day during his several weeks' visit and was not compelled to restrict himself to the rigorous diet which is always ordered for those afflicted with diabetes.

In the time that he stayed here, Dr. Rose made many friends, and the story of his illness and almost incredible recovery from what had always been thought a fatal disease, got abroad. Many of the doctor's friends heard the story of his sickness and cure from his own lips, and in concluding his tale Dr. Rose always said: "I owe my life to nothing else than DODD'S KIDNEY PILLS."

A number of our citizens who were afflicted with divers forms of Kidney Diseases were advised by the doctor to use DODD'S KIDNEY PILLS. In every case where they were used, a perfect cure resulted.

Dr. Rose's case has advanced so far that blood poisoning had set in. Six doctors had pronounced his case hopeless. Death was fast approaching, so they said. That is what Dr. Rose himself wrote the DODD'S MEDICINE COMPANY after his cure.

Dear Sirs:—Some time ago I wrote you that I was taking your Dodd's Kidney Pills for Diabetes. It is my pleasant duty now to state that they cured me. This is rather a strange confession for a medical man to make, but as I have prescribed them largely in my practice, and having been saved myself from suffering and a premature grave by their use, I would not be doing my duty to yourselves, the medical profession, and the public at large, did I not make it known. I consider your remedy a wonderful discovery, and as a large majority of the population of this country are subjects of Kidney Disease, Dodd's Kidney Pills should be appreciated, and are well deserving of the large sale they now enjoy.

Yours truly,
Portland, Oat. E. A. ROSE, M. D.

Dodd's Kidney Pills are now on sale in every town in this state. Price 50 cents a box; six for \$2.50. If your druggist is out, write the Dodd's Medicine Co., Buffalo, N. Y.

STOCKHOLM'S BIG SHOW.

The Scandinavian-Russian Exposition Will Be an Immense Affair.

Among all the expositions planned for 1897-98 none can exceed in interest and beauty the great Scandinavian and Russian exhibition to be held at Stockholm, May 15 to Oct. 1, 1897. During the 25 years' reign of the good King Oscar, Sweden has made wonderful advances, commercially and industrially, and in September the king's jubilee will be celebrated with imposing ceremonies. The fact that Sweden is the chief wood-exporting country in the world is to receive recognition in the erection of the great industrial hall, the largest wooden building that has ever been constructed. It covers an area of 20,400 square yards and is surrounded by a curious cupola 330 feet high; at a height of 160 feet the four minarets surrounding the cupola are connected with prospect bridges and here refreshments will be served to the sightseer while his eye is delighted with a view of the exhibition grounds and the inlets, islands, and wooded shores that form their setting. In locating the exposition at the beginning of the Djurgarden, one of the most beautiful pleasure grounds of Europe, and facing the famous Stockholm harbor, advantage has been taken of every phase of Sweden's varying charms.

Near the industrial hall is the Northern museum, which contains the cultural exhibit, including everything that pertains to science, education, hygiene and manual training for the high development of which Sweden is especially noted. The fishery hall is a unique, two-story building built out over the water which forms an immense basin in the center of the hall; to the circular landing which half surrounds it will be fastened the different fishing smacks, and within the hall will be found every implement of the fisherman from the harpoon to the trout fly. In the tourist's and sportsman's pavilion the sports of the north, skating, fishing and hunting, will be illustrated by a series of tableaux and dioramas. The principal buildings in the western section of the grounds are machinery hall, an immense structure of iron and glass, and the art hall, perhaps the most beautiful of all, with its white stucco walls, wide, elaborately ornamented cornice, and open loggia. Scandinavian art will be given the first complete representation ever accorded

it, and America and the leading countries of Europe will also send the works of their leading artists, owing to the active interest taken in the exhibit by its chairman, Prince Eugene, the king's youngest son, who is himself an artist of considerable ability.

Among the special features of the exhibit is "Old Stockholm." Here we find imitations of the old royal palace, the oldest church in Stockholm where the reformation was first publicly declared, goldsmiths' shops of the 16th century, and a printing office of the same time. About 100 feet from the shore of the Djurgardbrunnsviken will be built a submarine grotto so large that 10 boats holding 10 persons each can move about in it at once; it will take 15 minutes to complete the circuit of the grotto and a series of wonderful light effects will be produced.

The National Civil Service.

From the report of the United States civil service commission, recently made, it appears that the number of places in the classified service is now about 87,000, as compared with 43,000 at the beginning of the Cleveland administration. There are about 91,000 places in the unclassified service, of which number the commission considers 72,000 classifiable. Of these, about 66,000 are postmasters of the fourth class. Dismissals may be made as freely from the classified as from the unclassified service; but the political motive is wanting, because new appointments must be made by competitive examinations. It is significant, therefore, that during the past four years about 8 per cent only of the employees in the classified service have been removed; while the removals in the unclassified service were about 50 per cent.

BETTER DEAD.

What People With Diseased Nerves
Are Wont to Say.

But There is Hope.

Learn Wisdom From the Indian and Like
Him Know Not the Meaning of Nerves.

No one can be so terrible suffering a person has. I have seen many diseased nerves. Everything seems to be all right, and actually, everything considered, but little sympathy should be extended to such a sufferer, as there is no excuse for the existence of this dreadful and harassing disease. With pure blood, and the stomach in perfect condition, and with the other organs of the body working properly, health alone can be the result, and with health, nerves are forgotten. Keep the great vital organs of the body healthy, and the result is, a perfect appetite, nights of refreshing and quiet sleep, and a body that is strong and robust.

Kickapoo Indian Sagwa is the one and only great remedy for weak and diseased nerves. One instance of the many brought to our attention by the use of this potential medicine comes from Macomb, Ill., which reads as follows:—

"Dear Sirs—This is to certify that I have been a sufferer for a long time with nervousness. I could not sleep or eat.

After taking a few bottles of Kickapoo Indian Sagwa I could sleep good and now have a good appetite. I can truly recommend this wonderful medicine to all who are afflicted this way. H. W. Whetherbee."

If others would follow Mr. Whetherbee's example, there would be less troubles of this nature in our land, and insane asylums would want for patients. Older men would be able to attend to business longer than they do, and younger men would experience an increase in energy and vigor as they should, instead of becoming nervous wrecks and growing old prematurely, as is the case with so many of our young men this generation.

Kickapoo Indian Remedies are sold by all druggists, and it takes but a few doses of any of them to convince one of their merits.

Thirst for Knowledge.

City Belle—I hope your stay in our city will not be short, Mr. De Science.

Mr. De Science (member of the American Ornithologists' union)—Thank you, but my sojourn must be brief. I am here attending the ornithological convention at the Museum of natural history, and the sessions will soon be over."

"What kind of a convention, did you say?"

"Ornithological—about birds, you know."

"Oh, yes, yes. How stupid of me! Do you think they will be worn much next season?"—N. Y. Weekly.

Appropriately Christened.

"I reckon," said the old colored man, "dat I better change de name o' dat mule."

"It doesn't make much difference about what you call a mule, does it?"

"No. But I likes ter hab it somethin' 'proprate. Did you ebber hayah tell 'bout sukeumstances ober which you had no control?"

"Yes."

"Well, dat's whut I's gwinter call 'im; Suheumstances!"—Washington Star.

An Insinuation.

The miserly old millionaire, as wicked as he was stingy, had yielded up the spirit and gone to his reward.

"Well," remarked one, "I suppose he didn't take any of his wealth with him?"

"No," was the reply. "I never heard that he had money to burn."—Town Topics.

Accomplishments.

"Will you ever learn better than to sharpen a lead pencil with a razor?" he fiercely demanded.

She smiled sadly.

"I don't know," she answered, with a sigh. "One hasn't much time to acquire accomplishments when one keeps house without a servant."—N. Y. Journal.

All He Asked.

"And do you really want to be my son?" asked the widow Mullins of young Spudds, who had asked for her daughter's hand.

"I can't say that I do," replied the truthful suitor. "I want to be Helen's husband."—N. Y. World.

Wisdom.

"I can't see why they speak of the wisdom of the serpent."

"Well, you never heard of a serpent getting its leg pulled, did you?"—N. Y. Truth.

Set 'Em Up Again.

Tippler—I can tell you that it is pretty hard work keeping one's head above water these days.

Rippler—Yes! I should judge so by the color of your nose.—N. Y. Tribune.

Caustic Criticism.

"She must have quarreled with Mrs. Sage."

"Yes?"

"Yes, she calls her 'that woman.'"—Chicago Journal.

A SCIENTIST SAVED.

President Barnaby, of Hartsville College, Survives a Serious Illness
Through the Aid of Dr. Williams' Pink Pills for Pale People.

From the Republican, Columbus, Ind.

The Hartsville College, situated at Hartsville, Indiana, was founded years ago in the interest of the United Brethren Church, when the state was mostly a wilderness, and colleges were scarce. The college is well known throughout the country, former students having gone into all parts of the world.

PROF. ALVIN P. BARNABY.

A reporter recently called on this famous seat of learning and was shown into the room of the President, Prof. Alvin P. Barnaby. When last seen by the reporter Prof. Barnaby was in delicate health. To-day he was apparently in the best of health. In response to an inquiry the professor said:

"Oh, yes, I am much better than for some time. I am now in perfect health; but my recovery was brought about in rather a peculiar way."

"Tell me about it," said the reporter.

"Well, to begin at the beginning," said the professor, "I studied too hard when at school, endeavoring to educate myself for the professions. After completing the common course I came here, and graduated from the theological course. I entered the ministry, and accepted the charge of a United Brethren Church at a small place in Kent

County, Mich. Being of an ambitious nature, I applied myself diligently to my work and studies. In time I noticed that my health was failing. My trouble was indigestion, and this with other troubles brought on nervousness.

"My physician prescribed for me for some time, and advised me to take a change of climate. I did as he requested and was some improved. Soon after, I came here as professor in physics and chemistry, and later was financial agent of this college. The change agreed with me, and for awhile my health was better, but my duties were heavy, and again I found my trouble returning. This time it was more severe and in the winter I became completely prostrated. I tried various medicines and different physicians. Finally, I was able to return to my duties. Last spring I was elected president of the college. Again I had considerable work, and the trouble, which had not been entirely cured, began to affect me, and last fall I collapsed. I had different doctors, but none did me any good. Professor Bowman, who is professor of natural science, told me of his experience with Dr. Williams' Pink Pills for Pale People and urged me to give them a trial, because they had benefited him in a similar case, and I concluded to try them.

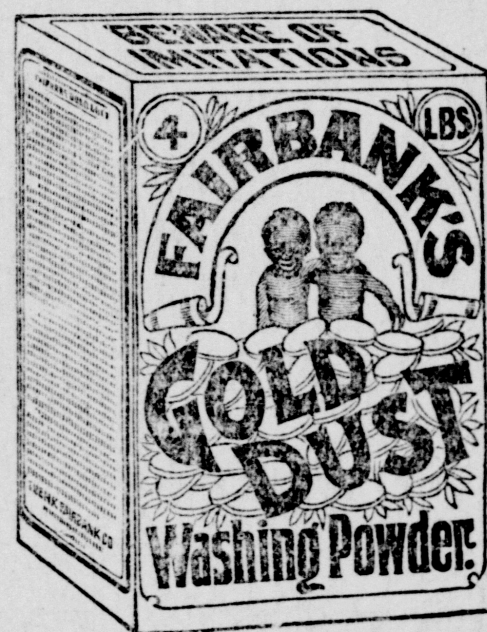

"The first box helped me, and the second gave great relief, such as I had never experienced from the treatment of any physician. After using six boxes of the medicine I was entirely cured. To-day I am perfectly well. I feel better and stronger than for years. I certainly recommend this medicine."

To allay all doubt Prof. Barnaby cheerfully made an affidavit before

LYMAN J. SCUDDER, Notary Public.

Why Not Use Rex Flour???

Why pay 5c a single loaf for bread when you can make your own bread and better bread for half the amount, with REX? REX flour makes more bread for the same amount than any other flour. REX is the purest of pure foods.

REX is the highest grade flour made.

REX never fails. It runs uniform.

One barrel of REX makes 260 big loaves of bread. 260 loaves at 5c each means \$13. Pretty good profit.

REX flour is nutritious, pure, uniform and makes bread that is alike pleasing to the eye and palate.

\$25 ladies' Gold Watch Free.

Coupon with every sack of REX flour. Watch given away after first 500 sacks are sold.

Ticket on the \$25.00 Sideboard with every 50c purchase.
